4.5 The Bank is not required to confirm the identity or authority of any person using the Client's Security Device or Internet Banking Logon Information to make transactions. However, the Bank, may in its sole discretion, require proof at any time of the authority of any person seeking to make transactions on a Client's Account through the Internet Banking System and may refuse to accept any Instructions if the Bank is not satisfied with such proof.

4.6 The Client unconditionally accepts all transactions booked to the Client's Accounts via the Internet Banking System, insofar as they have been executed with the relevant authentication details. This also applies to all instructions, orders and messages transmitted to the Bank via Internet Banking System that are deemed to have been composed and authorised by the Client.

4.7 The Bank shall not be liable for any Loss suffered by the Client or a third party by reason of any failure of or refusal by the Bank to give effect to any of the Client's Instructions or requested transactions or for any reasonable delay by the Bank in implementing any Instructions or transactions.

4.8 In the event of making an error using the Internet Banking System, the Client agrees to contact the Bank immediately or if after opening hours, as soon as possible on the next working day by telephone at the number listed on our contact page on the Bank's Website. The Client acknowledges that the Bank may not be able to stop or reverse a transaction or transactions made through the Internet Banking System and that the Bank shall not be liable for any loss the client may, as a result, incur.

4.9 The Bank may refuse to complete or reverse a transaction including but not limited to the following circumstances:

(a) the transaction is one which the Bank cannot process including where to do so could be considered a violation of the Bank's policies or procedures or Applicable Laws including but not limited to AML Laws;

(b) the transaction exceeds the Client's balance or credit limit;

(c) the transaction would violate a provision of any agreement between the Bank and the Client;

(d) the transaction is directed to a third party who/that does not accept the transaction;

(e) there is an operational failure or malfunction of the Internet Banking System; and

(i) (f) the transaction involves an Account that the Bank considers to be a dormant or blocked Account.

4.10 Any Instruction made through the Internet Banking System accompanied by the Security Device before written notice of any unauthorised use thereof has been given to the Bank by the Client (in reasonable time in advance of such Instructions from the Bank to take appropriate action to prevent such Instructions from being acted upon) shall be conclusively deemed to have been submitted by the Client and the Client waives any right it may otherwise have to challenge any such matter.

C5 Currency Exchange/Stock Trading Activity/Interest and Foreign Exchange Rates

5.1 The Client acknowledges that the Bank does not provide advisory services relating to stock exchange orders executed via the Internet Banking System.

5.2 The Client hereby confirms awareness of the risks associated with stock exchange orders or treasury trading activities carried out via the Internet Banking System and that the Client is willing and able to bear the potential losses which may result from such Instructions. The Client absolves the Bank of conducting any verification regarding the Instructions.

5.3 When issuing stock exchange orders, the Client acknowledges the applicable norms (stock market laws, regulations, practices etc.) as binding and is under obligation to comply with such norms. The Bank is entitled to reject or cancel stock exchange orders insofar as they do not conform to the applicable norms.

5.4 Currency exchange rates or stock prices are subject to change without warning or notice, and are not guaranteed until the transaction is successfully completed.

5.5 Interest, if any, at a rate determined by the Bank, will be computed on the daily principal balance on qualifying deposits. In the case of savings and treasury Call Accounts, interest will be credited quarterly on the last business day of each quarter and unless otherwise stated in specific Agreements or in individual product Terms and Conditions, interest will normally be credited monthly for all other interest-bearing products.

5.6 Interest rates and foreign exchange rates are subject to market conditions and the Bank's determination, in its sole discretion, and may change at any time. Applicable interest

C6 Client orders and messages via Internet Banking System mailbox

6.1 Each Client within the Internet Banking System is assigned a mailbox with which messages can be received from, and sent to, the Bank.

6.2 Messages and orders directed to the Bank are not handled with any particular priority. The Bank reviews, replies to and/or processes such messages and orders within the normal course of business and during business hours on bank working days. The Internet Banking System mailbox is therefore unsuitable for messages or orders that are time-critical or subject to deadline (for example, time-critical payment orders or stock exchange orders, revocation of orders, blocking of credit cards, etc.).

6.3 The option for an authorised representative to issue orders via the Internet Banking System mailbox depends on the authorisation level as well as the relevant power of attorney for the Account on file with the Bank.

6.4. The Client has the option of adding a mobile phone number to his or its Internet Banking System profile. By adding a mobile phone number to the Client's Internet Banking System profile, the Client is confirming that it is the Account holder for the mobile phone account or have the Account holder's permission to use the mobile phone number for Internet Banking System. The Client is also consenting to receive Internet Banking System Alerts via text messages. Text message and data charges may apply. Text messages may be transmitted automatically. Successful receipt of text messages is not guaranteed as the Bank has no control over the delivery or quality mechanisms in the mobile networks used by customers.

C7 Messages from the Bank via Internet Banking System mailbox

7.1 Messages are regarded as having been received when they are available for retrieval in the Internet Banking System mailbox. The Client is responsible for taking note on a timely basis of any messages sent to the Internet Banking System mailbox.

7.2 The Bank is entitled, without prior notice, to delete from the Client's Internet Banking mailbox any messages that exceed a designated maximum storage space per Client. Such deletions are carried out without regard to the below-mentioned deadlines in the case of cancellation of an Account for which the messages are designated. The Client is responsible for retrieving and securing any messages beforehand, if necessary. The Bank accepts no liability for any Loss resulting from the deletion of messages. The Bank will retain messages in accordance with its records retention policy.

C8 Electronic dispatch of bank documents

8.1 The Bank reserves the right to provide the Client with bank documents in electronic form, either exclusively or in addition to normal dispatch by post. The Bank shall notify the Client through the appropriate means regarding the form in which bank documents will generally be dispatched. The Client acknowledges that an authorised representative may gain access to the electronic bank documents.

8.2 Delivery: Electronic delivery of bank documents is carried out through the Client's Internet Banking System mailbox. The bank documents are regarded as having been delivered to the Client, irrespective of any subsequent additional dispatch by post, at the time when they are retrievable within the Internet Banking System. This applies even if the Client has no knowledge of the electronically dispatched bank documents (for example, if the Client has no access to the Internet Banking System), or if the Client does not or cannot retrieve the bank documents that are provided electronically. The effective deadlines for submitting objections also commence at the time the electronic documents are delivered.

8.3 Bank documents that the Client had previously received in paper form will be provided in electronic form through the Internet Banking System. Therefore, the bank documents provided via the Internet Banking System replace those previously dispatched in paper form. The bank documents provided via the Internet Banking System also supersede statements and information to the extent referred to in these General Terms and Conditions. The Client hereby explicitly acknowledges that the Bank fulfils its obligations of notification and accountability through the electronic dispatch of bank documents.

8.4 The Bank assumes no liability whatsoever for any Loss resulting from the untimely retrieval of Bank documents that are provided electronically. This applies particularly to notices of direct debit charges with the right of revocation.

8.5 Electronic bank documents are available for retrieval within Internet Banking for a period of at least 6 months. After this period, or if the designated maximum storage space per Client is exceeded, the bank documents may be deleted from the Internet Banking System. Such deletions are carried out without regard to the above-mentioned deadlines in the case of cancellation of an Account and/or custody Account for which the bank documents are electronically dispatched, or if the Agreement for the use of the Internet Banking System is cancelled. The Client is responsible for retrieving and securing any bank documents beforehand, if necessary.

8.6 The Bank accepts no liability for any Loss resulting from the deletion of bank documents.

8.7 The Bank can provide no guarantee that bank documents retrieved electronically and subsequently printed out meet the standards of proof required in legal or other administrative proceedings (e.g. tax assessment procedure). The Bank can provide bank documents in paper form at the request and expense of the Client.

8.8 The Bank is entitled to dispatch any bank documents designated to be delivered exclusively in electronic form merely, or additionally, in paper form via post without stating reasons. The Bank accepts no liability for any Loss resulting from such dispatch via post.

8.9 The electronic delivery of bank documents (exclusively or in addition to normal dispatch via post) maybe cancelled by the Client or the Bank in writing at any time, without stating reasons. The cancellation also applies for delivery to any authorised representative. In the case of cancellation of the exclusively electronic delivery – and in the absence of any instructions to the contrary – from the date of cancellation all documents will be sent to the client at the last correspondence address reported to the Bank. Any related expenses or fees will be charged to the client.

C9 Corporate Accounts

9.1 Corporate Accounts have additional features and functionality to allow the creation and self-management by the Client of all Users and control their scope of activities by designating user levels, access levels and privileges on the Internet Banking System. Such privileges will extend to the requirement for multiple authorisation and other signature rules. The move to self-management of the Internet Banking System by the Client releases the Bank from liability against adherence to existing Account mandates or authorities and the liability to ensure proper authorisation will rest with the Client. For each User, Clients can designate which Corporate Account(s) the User will have access to and limits may be placed on the types of transactions for each Corporate Account the User is granted access to. An “Administrator” is a User who is able to create additional Users and to edit and monitor other Users. The Bank does not accept any liability in the event that an Administrator erroneously grants Users, privileges outside of their roles, or fails to set up restrictions, and that allows Users to complete sensitive transactions.

9.2 The system also provides for Administrators to assign Daily Limits for each Corporate Account separately. These control the total cumulative value of transactions that each corporate Client can control at a user level and at account level. These are refreshed every 24 hours from 12:00 AM to 11:59 PM Bermuda time. Coupled with signatory limits and access level controls for each User, Clients have the ability to modulate the quantum of transactions being conducted online. Clients are obligated to verify that the limits set up are reflective of their business needs. The lowest limit of all limits shall apply at any given time. The Bank does not accept any risk or responsibility if these limits prevent the Client from conducting their business online and do not absolve the Client and its Users from protecting the privacy of their data, User ID, Passwords or Security Devices and the Bank shall not take responsibility for any losses incurred by the Clients due to its usage.

C10 Provisions of Authorisation

10.1 Internet Banking System authorisation for the use of Internet Banking System remains in effect in each case until its explicit revocation.

10.2 Internet Banking System authorisation does not lapse in the event that the Client dies, is declared missing, loses capacity to act or is declared bankrupt, irrespective of otherwise specified commercial register entries or other published documents. Following the death of the Client, the authorised representative is obliged to protect the interests of the Client’s heirs, obtain their instructions and remain accountable to them. In the event of death of the Client, the Bank may subject any legal actions taken on the part of the Client’s authorised representative to be contingent on the submission of documentation required under inheritance law and/or the written consent of the Client’s heirs.

10.3 Internet Banking System authorisation may be revoked at any time by the Client, authorised representative or relevant heirs. Such revocation should be addressed to the Bank and must be confirmed in writing as well. Revocation of a standard power of attorney does not automatically result in revocation of the authorisation to use Internet Banking services; in fact, such authorisation must be explicitly revoked. Vice versa, revocation of the authorisation to use Internet Banking services does not automatically result in revocation of a standard power of attorney. However, the Bank reserves the right to stipulate that the authorisation for use of Internet Banking be contingent on the existence of a standard power of attorney.
